

THE REJECTION

The drawings are objected to for their informal nature and the inclusion of certain terminology. The Abstract is objected to for being in excess of 150 words and containing claim language.

DISCUSSION

Applicant gratefully acknowledges indication by the Examiner that the claims are allowable.

Applicant has amended the application by submitting a replacement Abstract of less than 150 words with the objected terminology deleted.

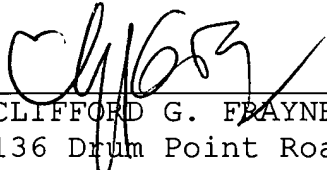

Applicant also submits formal drawings as replacements for the informal drawings as originally filed, the replacement drawings including corrections as required by the Examiner.

In light of the foregoing amendments and submissions, Applicant would respectfully submit that the application as presently amended is in condition for allowance and an early notice of same is respectfully solicited.

Respectfully submitted,

MICHAEL SHOLANDER - Applicant
